EZEKIEL G. BUSTAMANTE

Manila City | onlyzekedotcom@gmail.com | www.heyzeke.me

Computer Engineering student and avid hackathon competitor passionate about Full-Stack Software Development and product innovation. Fast learner with a proven track record of building functional prototypes and collaborating in high-pressure team environments.

TECHNICAL EXPERIENCE

AWS Community Day 2026 **April 2026 - Present**

Volunteer Frontend Developer

- Architecting the responsive frontend across the entire event lifecycle, including promotional, pre-registration, and post-event web platforms to optimize user engagement.

Arduino Day Philippines 2026 **March 2026**

Volunteer Full-stack Developer

- Built and deployed an event registration platform featuring automated QR code generation and real-time check-in management, successfully processing over 1000 event registrants.

UtHack ang Puhunan Hackathon **November 2025**

Full-stack Developer

- Co-developed VerdePM, an ESG-focused project management platform for construction sites, securing 1st Runner Up by delivering a fully functional full-stack prototype under a strict deadline.

ICTO Hackathon **October 2025**

Frontend Developer

- Built the frontend interface for Blockbayan, a blockchain-powered transparent donation system aimed at reducing corruption in barangay disaster relief, securing a spot as a Top 8 Finalist.

EDUCATION

Bachelor of Science in Computer Engineering **2024 - Present**

Polytechnic University of the Philippines

Science, Technology, Engineering, and Mathematics **2022 - 2024**

Far Eastern University Rodriguez Rizal

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, TypeScript, GDScript
- **Frameworks & Libraries:** React, Node.js, Tailwind, Flutter, Next.js, GSAP, Flask
- **Developer Tools & Platforms:** Git, GitHub, Docker, Vite, Firebase, Neon, Supabase, Digital Ocean, Godot

KEY ACHIEVEMENTS & CERTIFICATIONS

- **1st Runner Up** | UtHack ang Puhunan Hackathon — November 2025
- **Top 8 Finalist** | ICTO Hackathon — October 2025
- **Verified Certificate** | GitHub Foundations — Microsoft, 2026
- **DataCamp Scholar** | Awarded premium data/AI training via ICpEP.SE PUP x DataCamp Donates — 2025
- **Google Career Academy Scholar** | Selected for the Google professional track via DTI Philippines — 2026
